

The Kewstick UNO - Handy Voltage Detector

The New Kewstick UNO non-contact voltage detector provides excellent voltage detection.

New balanced sensitivity gives more accurate detection.

The latest in electronic design enables bright RED LED indication and the low current circuits means long battery life.

Your trusty first line voltage detection tool.

- Clearly detects 90 – 600 V AC without metal contact
- Tip glows red when voltage is detected
- Pocket size for handy use anywhere
- Two year guarantee

Tip **glows red** when voltage is detected
